# Stokes TROPICALS

*“We Believe in Green”*

*We recycle our waste, we use natural products as much as possible, we correct soil pH with humic acid, and we use recycled paper to print our catalog.*

*Glenn M. Stokes*

All plants in our catalog can be grown in pots (inside & outside) or as annuals—no matter what zone they require.

All of our plants are grown in 6" pots and ship this size unless otherwise specified.

# Plumeria: Flowers of the Gods

## PLUMERIA CARE CHART

Chart is an example for the Houston, Texas / New Orleans, Louisiana areas (Zone 9). Adjust to your zone by storing 2-3 weeks before first freeze and repotting 2-3 weeks after last freeze.

Month	Week 1	Week 2	Week 3	Week 4
January	dormant	dormant	dormant	dormant
February	dormant	dormant	dormant	dormant
March	dormant	dormant	rp/r-w-f	rp/r-w-f-es
April	rp/r-w-f-es	F or SPh-BD	f	F-es
May	f	F-FL	f	F-es
June	f	F	f	F-es
July	f	F	f	F
August	f	F	f	F
September	f	f	f	f
October	f	f	Store	Store
November	dormant	dormant	dormant	dormant
December	dormant	dormant	dormant	dormant

### Key

w = Water. Soak root-ball thoroughly to promote vigorous growth. Keep well watered April through September.

rp/r = Root prune & Repot. Topdress those not repotted with composted manure to enhance growth.

F = Feed with Stokes Tropicals Plumeria Blend (8-14-10) (Or substitute SPh once or twice during entire year)

SPh = Feed 1/4 cup each Super Phosphate & Bone Meal for 5-7 gal. container.

es = Feed Epsom salt (MgSO<sub>4</sub>.xH<sub>2</sub>O). Magnesium (Mg) is the core element of chlorophyll which makes plants green. Epsom salt may also help

prevent leaf sunburn and promote feeder root growth. Apply at a rate of approximately 1 teaspoon per gallon pot size.

f = Optional feeding, or light application (Some people do not recommend feeding after mid-August). One may substitute a balanced (20-20-20) fertilizer with trace elements for the light feedings to round out the nutrient menu for your plumeria through the month of July.

BD = Flower buds begin to appear on many plumeria.

FL = Flowering season begins.

### Notes:

1. This is only a rough guideline. Many people are able to have flowers on some plants as early as March.

2. Be cautious about bringing plants out of dormancy before the last frost. This may be as late as the end of March in Texas, Louisiana, and Florida.

3. Be on the lookout for pests and disease ALL year. Infestations of spider mites have been found on dormant plants during winter storage in a garage.

4. The blooming season is dependent upon many factors. For example:

- Variety of plant and age.
- Soil mix.
- Fertilization schedule.
- Light intensity.
- Winter storage methodology

- Ideal for containers
- Light to medium shade
- Zone 9 & higher

89085 .....\$48.95

'MIRACLE FRUIT'

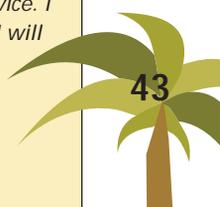

### TESTIMONIAL

*I have been doing business with Stokes Tropicals for over 10 years, and have probably purchased every item they have for offer, even some they did not have! Their plants are of the highest quality and their packaging is second to none. All their staff is so helpful and help/advice is just a phone call away. I am an avid tropical plant collector, and trust me when I say, I have spent thousands with MANY different nurseries, but can honestly say that NO ONE has come close to Stokes Tropicals, with product, reliability, or customer service. I am well known in the plant circles, and I will put my name forward for this company.*

# Garden Supplies

## Insecticides

### FERTI•LOME WHITEFLY AND MEALYBUG KILLER

Formulation: Resmethrin. Provides a fast & easy method of killing major houseplant pests such as whiteflies, mealybugs, aphids, spider mites & some crawlers. Apply at first sign of insects.

**3801 (24oz).....\$8.95**

### FERTI•LOME RED SPIDER MITE SPRAY

Formulation: Pyrethrins. Provides an easy & effective method for killing red spider mites, two spotted spider mites, whiteflies, mealybugs, aphids, thrips & scale crawlers on houseplants.

**3781 (24oz).....\$6.95**

### HI-YIELD MALATHION 55%

For residential uses on lawns, gardens, and ornamental trees, shrubs, and plants. It provides excellent control of fleas, aphids, thrips, spiders mites, lace bugs, adult Japanese beetles, tent caterpillars and others on fruits, vegetables & animals as listed on the label. Malathion is a safe and effective pesticide. 8 oz. bottle.

**3771 (8oz).....\$8.95**

### FERTI•LOME TRIPLE ACTION PLUS

Hydrophobic Extract of Neem Oil. Use on fruits, nuts, vegetables, herb, spices, roses, houseplants, flowers, trees and shrubs to control aphids, spider mites, scale, whiteflies, beetles, leaf rollers and other insects. Diseases controlled: Flower, twig and tip blight, alternaria, scab, needle rust, botrytis, leaf spot, rust, anthracnose, downy mildew, black spot, and powdery mildew. May be applied up to day of harvest on all fruits and vegetables.

**3791 (24oz).....\$10.95**

### FERTI•LOME ELIMINATE -

Formulation: Sevin, Metaldehyde. Controls snails,

slugs, pill bugs & others in shrub & flower beds, around vegetable gardens, etc. Consult label for specific application rates. ALSO ARMYWORMS AND CUT-WORMS.

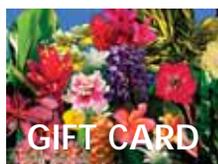

**3761 (3lbs).....\$10.95**

### COME AND GET IT-FIRE ANT KILLER

Formulation: Spinosad. Contains a bait that attracts foraging fire ants and is readily taken back into the nest as food for the colony. The active ingredient is the bait and is distributed throughout the colony, killing the ants including the queen. Same ingredient as Justice

**3741 (1lb).....\$12.95**

**GIFT CARD**

**Something for Everyone...  
a Stokes Tropicals' Gift Card.**

## Fungicides

### FERTI•LOME LAWN & GARDEN FUNGICIDE

Formulation: Daconil. Lawn & plant diseases controlled include black spot, blossom blight, powdery mildew, brown patch & others on roses, geraniums, iris, zinnias, lawns, vegetables & melons.

**3821 (16oz).....\$12.95**

### FERTI•LOME HALT SYSTEMIC

Formulation: Dimethyl thioallophanate. Offers systemic control of blight, rust, and others on junipers, crabapples, azalea, roses, shade trees and more.

**3841 (2oz).....\$11.95**

## Fertilizers

### OSMOCOTE FERTILIZER

Granular fertilizer- Analysis: 14-14-14. Easy to use on bedding plants like impatiens, pansies, petunias, vincas & marigolds.

**3851 (1.25lbs).....\$8.95**

### FERTI•LOME FISH EMULSION

Liquid Fertilizer- Analysis:5-1-1. For the development of green foliage, vigorous root systems & solid plant structure. For use on potted & houseplants, fruits, vegetables, ornamentals & shade trees.

**7030 (16oz).....\$6.95**

### FERTI•LOME ROOT STIMULATOR

Analysis 4-10-3 . Use every time you plant trees, shrubs, roses, annuals & perennials to stimulate early root formation & stronger root development. Reduces transplant shock & promotes greener, more vigorous plants.

**7080 (16oz).....\$5.95**

### CARL POOL BR-61

Analysis: 9-58-8. The original blossom booster for all flowering plants now contains more trace elements than any comparable high phosphorus plant food on the market. It should be used at the time of planting and throughout the entire growing season. Can be used on all types of flowering trees, shrubs, perennial and annual plantings.

**6505 (5lbs) .....\$19.95**

### CARL POOL'S PALM FOOD

Analysis: 12-4-12. A complete well balanced plant food specifically designed for all palm varieties. Contains the extra levels of magnesium and manganese that palms need. Contains three different nitrogen sources to give your palms both immediate and longer term feeding.

**6521 (4lbs).....\$11.95**

**Huge book selection—

# Stokes Tropicals' Brand Fertilizers

## FLOWERING TROPICALS BLEND (7-9-5)

An excellent general purpose nutrient solution with 6 macronutrients and 10 essential trace elements that all plants need. This growth formula will give your tropicals healthy leaf and stem growth; also works well for vegetables, fruits and lawns. Use as a rapid cure for nutrient deficiencies! Mixed at dilute concentrations it is quick acting as a foliar spray. Ideal for poor soils and container-grown plants. A great all-year tropical plant formula for those who don't want to switch formulas to promote flowering. Also works well on African violets, orchids and houseplants in general.

**6070 (8oz) bottle.....\$8.95**

**6071 (qt) bottle.....\$12.95**

## TROPICAL FOLIAGE BLEND (9-3-6)

A tropical foliage formula with the 3-1-2 N/P/K ratio recommended by the Apopka Research Center in Florida for foliage production. Interiorscapers and exteriorscapers across the country use this formula to maintain healthy, controlled foliage growth on plants (and trees). Works great on all our tropicals. It outperforms all others in low-light environments. The 3-1-2 ratio results in greater mineral uptake by foliage and flowering plants, reducing harmful salt build up and eliminating deficiencies. Designed to be foliar applied for quick results. Will not burn foliage when properly applied.

**6080 (8oz) bottle.....\$8.95**

**6081 (qt) bottle.....\$12.95**

## TROPICAL PRO-TEKT (0-0-3)

Supplies higher levels of potassium and silicon to build strong cell walls in plants. Stronger cell walls are a protective barrier to piercing-sucking insects and invading fungi. Use of Pro-

Tekt reduces disease and insect problems, increases stem strength and leaf positioning, improves photosynthesis, and increases heat and drought tolerance. Use as a supplement with all Stokes Tropicals' fertilizers to reduce applications of insecticides and fungicides and dramatically increase heat and drought tolerance (for interior and summer growing). Makes blooms last 20-30% longer.

**6090 (8oz) bottle.....\$8.95**

**6091 (qt) bottle.....\$12.95**

## STOKES TROPICALS' BANANA BLEND

Controlled Release Fertilizer (3-Month Formula) ANALYSIS 6-2-12 w/minors. Uniquely formulated for best growth of bananas. This total nutrient formula provides complete balance of all major and minor elements.

**6001 (3lbs).....\$12.95**

**6005 (5lbs).....\$18.95**

**6006 (20lbs).....\$60.95**

## STOKES TROPICALS' BOUGAINVILLEA BLEND

Controlled Release Fertilizer (3-month Formula) Analysis 6-8-10 w/minors. Uniquely formulated for best growth of bougainvillea. This total nutrient formula provides complete balance of all major and minor elements.

lated for best growth of bougainvillea. This total nutrient formula provides complete balance of all major and minor elements.

**6191 (3lbs).....\$12.95**

**6195 (5lbs).....\$18.95**

**6196 (20lbs).....\$60.95**

## STOKES TROPICALS' BROMELIAD BLEND

Controlled Release Fertilizer (3-Month Formula) ANALYSIS 10-14-14 w/minors Uniquely formulated for best growth of bromeliads. This total nutrient formula provides com-

plete balance of all major and minor elements.

**6061 (3lbs).....\$12.95**

**6065 (5lbs).....\$18.95**

**6066 (20lbs).....\$60.95**

## STOKES TROPICALS' GINGER BLEND

Controlled Release Fertilizer (3-Month Formula) ANALYSIS 8-4-6 w/minors. Uniquely formulated for best growth of gingers. This total nutrient formula provides a complete balance of all major and minor elements.

**6021 (3lbs).....\$12.95**

**6025 (5lbs).....\$18.95**

**6026 (20lbs).....\$60.95**

## STOKES TROPICALS' HELICONIA BLEND

Controlled Release Fertilizer (3-Month Formula) ANALYSIS 9-3-6 w/minors Uniquely formulated for best growth of heliconias. This total nutrient formula provides a complete balance of all major and minor elements.

**6031 (3lbs).....\$12.95**

**6035 (5lbs).....\$18.95**

**6036 (2 lbs).....\$60.95**

## STOKES TROPICALS' HIBISCUS BLEND

Controlled Release Fertilizer (3-Month Formula) ANALYSIS 10-4-12 w/minors plus iron. A special blend that has been determined by expert growers to be best for all hibiscus to produce continuous blooms and lush foliage. Special blend consists of low phosphorus, high nitrogen and potassium with chelated iron.

**6011 (3lbs).....\$12.95**

**6015 (5lbs).....\$18.95**

**6016 (20lbs).....\$60.95**

## STOKES TROPICALS' PALM BLEND

Controlled Released Fertilizer (3-month Formula) Analysis 12-4-12 w/minors. Uniquely formulated for best growth of palms and cycads. This total nutrient formula provides complete balance of all major and minor elements.

**6531 (5lb bucket).....\$13.95**

**6537 (20lb bag) .....\$54.95**

**6536 (20lb bucket)...\$59.95**

## STOKES TROPICALS' PLUMERIA BLEND

Controlled Release Fertilizer (3-Month Formula) ANALYSIS 8-14-10 w/minors. Uniquely formulated for best growth of plumerias. This total nutrient formula provides a complete balance of all major and minor elements.

**6041 (3lbs).....\$12.95**

**6045 (5lbs).....\$18.95**

**6046 (20lbs).....\$60.95**

## STOKES TROPICALS' HUMIC ACID

Stokes Tropicals' Humic Acid consists primarily of Humic Acid but it also contains minor levels of minerals, gypsum and clays. Our special Humic Acid forms a unique complex with nutrients that are easily absorbed by the roots. The high carbon content stimulates beneficial soil organisms. Continued use improves the structure and organic content of the soil.

**6051.....\$8.95**

*These are the fertilizers we use to grow our tropicals. You can optimize your growing flowering and fruiting of tropical plants by using our special blend fertilizers.*

# Plant Index

## BAMBOOS

- Bambusa multiplex*.....3  
'Alphonse Karr'
- Bambusa multiplex* var. *riviereorum*.....3  
'Chinese Goddess'
- Bambusa vulgaris*.....2  
'Golden Hawaiian'
- Phyllostachys nigra*.....2  
'Black'
- Phyllostachys nigra*.....2  
'Henon'
- Pleioblastus fortunei*.....3  
'Dwarf Whitestripe'

## BANANAS

- Ensete maurelii*.....6  
'Red Abyssinian'
- Ensete ventricosum*.....6  
'Red Stripe'
- Musa* 'AE AE'.....9  
'Variegated Hawaiian'
- Musa acuminata*.....8  
'Siam Ruby'
- Musa acuminata*.....5  
'Sumatran' (Rojo)
- Musa acuminata*.....5  
'Super Dwarf Cavendish'
- Musa basjoo*.....4  
'Japanese Fiber Banana'
- Musella lasiocarpa*.....8  
'Chinese Yellow'
- Musa sp.*.....10  
'Brazilian'
- Musa sp.*.....5  
'Bordelon'
- Musa sp.*.....7  
'Double (Mahoi)'
- Musa sp.*.....7  
'Grand Nain'
- Musa sp.*.....7  
'Ice Cream' 'Blue Java'
- Musa sp.*.....9  
'Little Prince'
- Musa sp.*.....10  
'Mysore'
- Musa sp.*.....10  
'Orinoco'
- Musa sp.*.....10  
'Rajapuri'

## BIRDS OF PARADISE

- Strelitzia nicolai*.....16  
'White Bird of Paradise'
- Strelitzia reginae*.....16  
'Orange Bird of Paradise'

## BOUGAINVILLEAS

- Bougainvillea*.....34  
'Helen Johnson'
- Bougainvillea*.....34  
'Distans'
- Bougainvillea*.....34  
'Key West White'
- Bougainvillea*.....34  
'Lady Mary Baring'
- Bougainvillea*.....34  
'Moonshine'
- Bougainvillea*.....34  
'New River'
- Bougainvillea*.....34  
'Raspberry Ice'

## CANNAS

- Canna*.....11  
'Bangkok Yellow',  
'Striped beauty'
- Canna*.....11  
'Cleopatra'
- Canna*.....11  
'Crimson Beauty'

- Canna*.....11  
'Sunrise/Sunset'
- Canna*.....11  
'Tropicana'

## EUPHORBIA

- Euphorbia milii*.....45  
'Siam Splash'
- Euphorbia milii*.....45  
'Summer Song'
- Euphorbia milii*.....45  
'Thai Spring Delight'
- Euphorbia milii*.....45  
'Thai blood'
- Euphorbia tirucalli*.....38  
'Sticks on fire'

## FERNS

- Asparagus densiflorus* 'sprengeri'.....12  
'Asparagus Fern'
- Asparagus densiflorus* 'myers'.....13  
'Foxtail Fern'
- Asparagus retrofractus*.....12  
'Ming Fern'
- Dryopteris erythrosora*.....12  
'Autumn Fern'
- Equisetum hyemale*.....12  
'Horsetail Fern'
- Equisetum hyemale*.....12  
'Scouring Rush'
- Microsorium musifolium* 'Crocodylus'.....13  
'Crocodile Fern'
- Nephrolepis auriculata*.....13  
'Sword Fern'

## GINGERS

- Alpinia formosana*.....14  
'Pinstripe'
- Alpinia zerumbet* variegated.....14  
'Variegated shell ginger'
- Costus barbatus*.....15  
'Red tower'
- Costus speciosus* variegated.....14  
'Variegated crepe ginger'
- Curcuma alismatifolia* 'Pink'.....15  
'Siam Tulip'
- Hedychium coronarium*.....15  
'White Butterfly'
- Zingiber officinale*.....15  
'Edible ginger'
- Zingiber zerumbet*.....15  
'Shampoo Ginger'

## HELICONIAS

- Heliconia angusta*.....26  
'Yellow Christmas'
- Heliconia latispatha* CV.....26  
'Distans'
- Heliconia rostrata*.....26  
'Lobster Claw'
- Heliconia guyana*.....26

## HIBISCUS

- Hibiscus sp.*.....17  
'Acadian Spring'
- Hibiscus sp.*.....17  
'Stolen Kiss'
- Hibiscus sp.*.....17  
'Whipped Cream'
- Hibiscus sp.*.....17  
'Yuletide'

## PALMS

- Butia capitata*.....29  
'Pindo Palm'
- Beaucarnea recurvata*.....29  
'Ponytail Palm'
- Chamaedorea seifrizii*.....29  
'Bamboo Palm'

- Chamaerops humilis*.....28  
'Mediterranean Fan Palm'
- Cycas revoluta*.....27  
'Sago Palm'
- Dioon spinulosum* pinulosum.....27  
'Gum Palm'
- Livistona chinensis*.....28  
'Chinese Fan Palm'
- Macrozamia communis*.....27  
'Burrawang'
- Phoenix roebelenii*.....28  
'Pygmy Date Palm'
- Phoenix sylvestris*.....28  
'Silver Date Palm'
- Rhapis excelsa*.....28  
'Lady Palm'
- Trachycarpus fortunei*.....29  
'Windmill Palm'
- Zamia furfuracea*.....27  
'Cardboard Palm'
- Zingiber collinsi*.....53  
'Silver Streaks'

## HOW TO ORDER:

### MAIL:

Please complete order form. Not doing so may result in delay in filling your order. An order form is included in this catalog for your convenience. Order form may be copied or new order form requested for future orders.

### PHONE:

**1-800-624-9706**

Just call to place your MasterCard, Visa, American Express or Discover/Novus order. Sales representatives are available from 9 A.M. until 4 P.M. Monday – Friday. Please have all your ordering information ready including your key code and customer number (if available), the exact catalog number(s), and your Credit Card information. If you have questions about our products or seek cultural information, please call 1-337-365-6998. Our 1-800 number is for orders only!

### FAX:

**1-337-365-6991 (Anytime)**

Fax credit card orders anytime, day or night.

### BY INTERNET:

**www.stokestropicals.com**

You may visit our worldwide web page for online review of our current offerings. You may place your orders via the Internet 24 hours per day, 7 days per week. We have a secure site!

### OUR E-MAIL ADDRESS:

**info@stokestropicals.com.**

Have a question? You may find the answer on our web site: www.stokestropicals.com or you may e-mail us at the address above.

### HAVE A QUESTION ABOUT YOUR ORDER?

**1-337-365-6998**

For questions about your order status or our products please call Stokes Tropicals' Customer Service Department. Monday—Friday 9 to 4 pm CT. (Except Holidays).

### ORDERS (U.S. ONLY)

Our minimum cash or charge order is \$20.00, plus boxing, packing, handling and shipping charge as shown below.

#### Delivery charges per address for orders.

When Totaling:	Add:
\$29.99 or less.....	\$14.95
\$30.00–\$39.99 .....	\$12.95
\$40.00–\$49.99 .....	\$14.95
\$50.00–\$59.99 .....	\$16.95
\$60.00–\$69.99 .....	\$18.95
\$70.00–\$79.99 .....	\$20.95
\$80.00–\$89.99 .....	\$22.95
\$90.00 and up .....	26%*

\*Of total merchandise price

All orders will be shipped FedEx, UPS or USPS, unless you specify differently. Please give your complete address and if possible give a work address, as well as, home and work phone numbers. Please make your check or money order payable to Stokes Tropicals. We accept MasterCard, Visa, American Express, and Discover/Novus. Louisiana residents (only) should add 4% sales tax.

Your order is important to us, normally orders are shipped 1 to 4 weeks from the date they are received, weather permitting. We may have to wait to ship your order until night temperatures exceed 40°F (4.4°Celsius). We won't ship tropical plants into areas where temperatures are in the 30s (below 4.4° Celsius) except at customer's risk. There may also be delays in filling orders due to propagation requirements.

Also there may be delays because of availability of certain varieties. In instances where there are anticipated shortages in certain varieties, the notation "limited quantities available" is in the guide/catalog. In this instance, first ordered, first served.

Orders for growing plants and rooting plumeria cuttings are usually not available until April, May or June. We offer ginger, canna and

heliconia rhizomes earlier in the season, which can be rooted with reasonable care, by following our detailed cultural directions.

Also, to better serve you sooner and more efficiently please specify alternate plant choices even a third or a fourth choice. This will mean no delay in telling you that your first choice is not available then waiting for your reply, etc. If you don't want substitutes under any circumstances, please indicate on your order. We will gladly abide by your request and ship your specific order as soon as it becomes available. **Please make a copy of your order for your records!** If you will accept a split order, that is, you order 5 plants and 4 are available and 1 is not, we can ship the 4 available plants to you immediately and send the 1 not available, later. However, it is necessary to charge for the additional packing and shipping at the same posted rates of \$14.95, \$12.95, etc., based on price of backordered item(s).

Growing plants are shipped bare-root wrapped in sphagnum moss or paper. All plants and rhizomes are guaranteed to be in excellent condition at the time of shipment.

If plant material arrives damaged or in unsatisfactory condition for any reason, and if it is reported within 10 days of receipt, it will be replaced. We may request that damaged material be returned to us. In case of returns, shipping charges are not refundable. All of our material is fully guaranteed. Detailed cultural directions are supplied with each order.

**All prices are subject to change without notice. Prices rarely change but some are beyond our control.**

We accept Visa, MasterCard, Discover/Novus, and American Express.

### CATALOGS:

Catalogs are mailed out as soon as they are printed. The price of our catalog is \$5.95 to new customers. The \$5.95 is fully refundable with first order. If you change address, after receiving our catalog or receiving order, please advise us as to the change. Don't forget next year's catalog will contain many new and exciting introductions. Also, please write us and let us know how you like our guide/catalog, our service, and what else you would like to see included. If you have friends who like tropical plants, please show them or tell them about our catalog and website.

## How We Ship Our Plants

### STOKES TROPICALS GUARANTEES YOUR PLANTS WILL ARRIVE IN IDEAL CONDITION FOR PLANTING.

Packaging for all Stokes Tropicals plants has been developed with technology that ensures your plants will arrive safely. You can be assured that your plant's packaging was carefully chosen to meet the individual needs of that specific plant, no matter what kind you ordered.

### STOKES TROPICALS' BANANA BLEND

Controlled Release Fertilizer (3-Month Formula)  
ANALYSIS 6-2-12 w/minors.

Uniquely formulated for best growth of bananas. This total nutrient formula provides complete balance of all major and minor elements.

# Knockout Plants

BRILLIANT COLOR

## *Stromanthe sanguinea*

### 'TRIOSTAR'

- Containers & in landscape
- Grown mainly for beautiful cream, green, and pink foliage
- Reddish-pink flowers in spring
- Max. height: 3'-3.5'
- Shade to part shade
- Zone 9 & higher

96379 (10" pot) .....\$32.95

## *Zingiber collinsi*

### 'SILVER STREAKS'

- Containers & in landscape
- Magnificent red basal cones
- Dark green leaves streaked with silver
- Max. height: 4'-6'
- Part shade
- Zone 8 & higher

36471.....\$37.95

GIFT CARD

Something for Everyone...a Stokes Tropicals' Gift Card.

UNIQUE

## *Dichorisandra thyrsiflora*

### 'BLUE GINGER'

- Containers & in landscape
- Not a true ginger (member of the spiderwort family)
- Large heads of rich blue flowers in fall that bees love
- Max. height: 4'-5'
- Shade to part shade
- Zone 8 & higher

34101.....\$16.95

## TESTIMONIAL

*I am an avid collector and grower of tropical plants. I have been doing business with Stokes Tropicals since 1998, purchasing thousands of dollars of plants from them. Needless to say, I have been extremely pleased with the service, shipping, and quality of plants. Additionally, their staff is most helpful and very knowledgeable. I have an additional advantage in that, since I live so close to the nursery, I have been able to visit it on numerous occasions and seen first hand the quality of the facility and meet personally those employees I have so often spoken to on the phone. I would recommend Stokes to anyone who has an interest in collecting and growing tropical plants.*
