Rates are a maximum allowable percentage rate under the contract.		
Minimum Installation Fee of \$5,000.00		
Installation is calculated based on retail list price of equipment.		
Installation rates do not include Prevailing Wages. Please ask for a quote with Prevailing Wage Rates, if applicable.		
<p>Unless otherwise noted in the quote, the installation charge includes the below:</p> <ul style="list-style-type: none"> · Receiving shipment on site and off-loading equipment · Layout and excavation of footing holes for equipment provided by KOMPAN · Assembly of equipment provided by KOMPAN · Concrete footings (where applicable) 		
<p>Below is a list of services that are not automatically included in the quote for equipment installation, but may be available for an extra charge</p> <p>Please inquire with your local KOMPAN sales associate for details:</p> <ul style="list-style-type: none"> · Demolition/removal of existing equipment, surfacing, etc. · Off-site disposal of packaging from delivered equipment · Removal of excavated soil from site · Installation of resilient surfacing · Installation of playground borders · Additional site excavation not involving equipment footings · Permits · Storage of Equipment · Site Fence – Security · Installation in stages · Non-standard working hours (i.e. nights, weekends, holidays) 		
<p>Unless otherwise noted, the quoted installation charge assumes the following site conditions:</p> <ul style="list-style-type: none"> · Adequate access to the site for vehicles and equipment · A flat, level site (less than 1% grade) with no existing surfacing, drain rock, or other landscaping material · Clear markings of play site borders and finished grade height · Good soil conditions for excavation (i.e. no large rocks, tree roots, underground structures, etc.) · All underground utilities marked clearly by customer prior to installation crew arriving on site and without those utilities interfering with necessary footing holes · If products are ordered as “surface mount” and will be anchored to an existing concrete slab, that the slab meets the thickness and strength requirements associated with the equipment. <p>If any of the above site conditions are not met, this may result in an inability to complete the installation and/or may result in additional installation charges.</p>
