wiki roadmap

- install wiki software on web server
- ${\scriptstyle \odot}$ plan rollout and content
- build the initial structure
- populate initial content with early adopters
- initial rollout with smaller group
- train and coach users
- do not underestimate inertia and time

implementation tips

- define an initial purpose upfront
- choose the right features for your environment
- start slow (snowball)
- provide training and coaching

frank cervone - nsls workshop
